

Petra SAE 0W-20 Syn-X Motor Oil

PN 1020 (32oz) Specification Sheet

Product Description:

PetraSyn-X Synthetic 0W-20 engine oil is formulated to help improve fuel economy and provide excellent all weather engine protection.

Advantages & Uses:

Petra Syn-X Synthetic 0W-20 engine oil meets or exceeds all automobile and light duty truck warranty requirements for gasoline and turbocharged engines where an API SN/CF SAE 0W-20 engine oil is recommended. Petra engine oil SAE 0W-20 meets or exceeds all requirements for ILSAC GF-5. Petra engine oil contains select viscosity index improvers to provide easier cold weather starting and better high temperature protection demanded by modern high output engines. Follow manufacturer's recommendations for viscosity grade and API service category. This oil is suitable for use and meet or exceed the performance requirements of many automobile manufacturers for service fill oil: 0W-20 (Chrysler MS-6395, Ford WSS-M2C930-A).

Features:

- Meets or exceeds all automobile and light duty truck warranty requirements for gasoline and turbocharged engines where an API SN and prior categories SAE 0W-20 engine oil is recommended.
- Petra engine oil SAE 0W-20 is energy conserving and meets ILSAC GF-5 specifications.
- Petra engine oil is formulated to help improve fuel economy and provide excellent all weather engine protection.
- Petra engine oil contains select viscosity index improvers to provide easier cold weather starting and better high temperature protection demanded by modern high output engines.
